PROJECTS

Portfolio Website | <https://jordangross-it.github.io/portfolio/>

August 2025 - Present

- Developed a responsive portfolio using HTML, CSS, and JavaScript to showcase IT projects and skills.
- Improved UX with a custom back-to-top button, enhanced mobile layout, and a modern dark theme.

Weather App | <https://jordangross-it.github.io/weather-app/>

September – October 2025

- Utilized the OpenWeather API to fetch data to display real-time weather for user-searched locations.
- Implemented responsive design and error handling for seamless user experience.

Galaxy Planner

December 2025 – Present

- Built a React To-Do web app with add and delete functionality using state and event handling.
 - Implemented responsive UI, demonstrating proficiency in front-end development principles.
-

EXPERIENCE

Customer Service Associate | Publix Supermarkets

April - May 2022

- Operated POS system, processed over 100+ transactions, and delivered customer service in a high-volume retail environment.
